SALON & SPA

Gillian's Inspiration

Around 30 years ago, the industry was going through a lot of change. I wanted to create a place that set the standard for a true urban spa; an oasis, where guests received the very best.

It was a dream of mine to have hair, beauty, body and cuisine all in one place, that would provide an awesome experience for guests and to introduce, in particular, the-then ground breaking concept of wellness.

At Gillian Adams Salon & Spa, we are inspired by one purpose:

To help you see your inner beauty and endless possibilities so you can conquer your world and beyond.

We offer a unique Urban Spa experience, an oasis, reincarnating the tradition of ancient pools, which were places to relax and locations of social encounter.

Your Journey

You will commence with time in our exclusive Aquamedic Pool. As you progress through the variety of needle point and massage jets in the oxygenated water, toning skin and promoting blood circulation you will experience mind and body tranquillity.

Then to the steam room for an intensified aromatherapy experience, perfect for detoxing and building immunity.

In our relaxation lounges enjoy refreshing juice, tea, herbal tea, coffee, fruit or just chill out, ready to enjoy the variety of hair, beauty and body experiences.

You can relax in our garden and enjoy breakfast, lunch or high tea with complimentary wines. Our cuisine is fresh and nutritious with constantly changing menu choices.

Our exclusive VIP Suite offers state of the art anti-ageing treatments, by appointment.

To make your day complete, finish with a touch of Bobbi Brown makeup to highlight your inner glow.

With love,

Gillian
